

# Memories of Love Live On

**Do you have a loved family member,  
friend, or soldier that you would like to remember or honor?**

**Memories of Love** provides you with this opportunity during the holidays to remember and honor those people who have passed on or are still living and making an impression on your life.

Let them know how you feel by lighting a bulb on the Memories of Love tree located at the Faith Lutheran Home or Poplar Community Hospital Campuses.

**Memories of Love** is an excellent way to support our communities' nursing home/ swing bed unit while providing meaningful recognition for your loved family member, friend or soldier. The holiday season is a time of family traditions. What a better way to start a tradition than by lighting a bulb on NEMHS community Christmas trees.
