Veterans' Day

Sometimes, there is confusion about the differences between Memorial Day and Veterans' Day. Memorial Day is the older of the two holidays and was established after the Civil War (1868 but some sources say 1866) to honour & remember those in the armed forces who died. Its original name was Decoration Day.

Veterans Day was originally called Armistice Day and was established to honour those who had served in World War 1. The named would probably still be Armistice Day if World War 1, which was named, "the war to end all wars," would have been true. In 1954, President Eisenhower signed a bill that changed the day's name and also expanded the purpose to include honouring all members of the armed forces who fought in any war.

-Freedom is never free.

LAUGHING MATTERS:

Worm & Whiskey

Will was trying to teach his son about the evils of alcohol. He put a worm in a glass of water and another in a glass of whisky.

The worm in the water lived while the one in the whiskey curled up & died.
"All right, son/" said Will, "what does that show you?"

"Well dad, it shows that if you drink alcohol, You will have worms."

Three Companies

Phil walks into his boss's office one day and says, "Sir, I'll be honest with you. I know the economy isn't great, but I've got three companies after me, and I'd like to ask for a raise, respectfully.'

After a few minutes of haggling, the boss finally agrees to give him a 5% percent raise,

And Phil happily gets up to leave.

"By the way," the boss asks, which three companies are after you?'

Phil replies, "The electric company, the water company, and the phone company,"

The best way to cheer yourself is to try to cheer somebody else up.

Dear Family, Guardians and Friends;

This month of November isn't just about the holidays, it's a great time to recognize and appreciate the milestones, hard work and dedication of each and every one to improve or maintain the quality of life of our loved ones.
As the autumn leaves settle and the days grow shorter, November always invites us to slow down and reflect. More than anything, we want to take a moment to say THANK YOU for the life we have and the blessings we received its either great or small.
May you have and your family a wonderful and peaceful Thanksgiving.

The Remote Control...

Imagine having to get up every time you wanted to change the channel! Early television viewers did exactly. The first practical wireless TV remote, called the Space Command, was introduced in 1956. It used sound rather than batteries to control the television. The humble remote went on to become an everyday household item – although finding where someone left it is still a challenge.
