

Laughing Matters

The Lost Contact Lense

A teenager lost his contact lens in the garden and after a fruitless search, he told his mother it was nowhere to be found. His mother went outside and within a few minutes found it.

"I really look hard mum" said the youth, "How did you manage to find it?"

"We weren't looking for the same thing" said this mother, "You were looking for a small piece of plastic. I was looking for \$350!"

The Doorbell

A priest is walking down the street one day when he notices a very small boy trying to press the doorbell on a house across the street.

However, the boy is very small and the doorbell is too high for him to reach. After watching the boy's efforts for some time, the priest walks across the street to the little boy and placing his hand kindly on the child's shoulder leans over and gives the doorbell a solid ring,

Crouching down to the child's level, the priest smiles benevolently and asks, "And now what, my little man?"

To which the boy replies, "Now we run!"

Jonah and the Whale

A little girl was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though a whale is a very large mammal, its throat is very small.

The little girl stated that Jonah was swallowed by a whale. The teacher reiterated that a whale could not swallow a human, it was impossible.

The little girl said, "When I get to heaven I will ask Jonah."

The teacher asked, "What if Jonah went to hell?"

The little girl replied, "Then you ask him!"

August in History: *I Have a Dream*
On August 28, 1963, Martin Luther King Jr. delivered his historic "I Have a Dream" speech during the March on Washington in Washington, D.C. Speaking before a crowd of more than 250,000 people, he shared a powerful vision of equality, justice, and hope. This speech remains one of the most influential and memorable addresses in modern history.

Remember When?

A few things many of us grew up with that younger generations may never experience:

*Writing letters by hand and waiting days for a reply.

*Using a paper map to find your way on a trip.

*Looking up phone numbers in a directory.

*Taking photos without knowing how they turned out until the film was developed.

*Gathering around the radio for news and entertainment..

Technology has changed dramatically over the years, but the memories – and the stories – remain priceless.

Dear family, relatives and friends;

Welcome to August edition of our newsletter. We hope your summer is full of sunshine, great memories, and plenty of time to relax. Let's make the most of these last few weeks of summer before the autumn season arrives.

Did you know that August is National Wellness Month: focuses of self-care, stress management, and healthy routines; National Family Fun Month: family get together, outdoor games, picnic, backyard bbq while the weather is still beautiful and Back to School Month. This marks the seasonal transition with preparation, shopping, and goal-setting for students.

We highly encourage everyone to stay cool in heat by drinking enough water, wearing cotton clothing and comfortable footwear.

Warm wishes.
